

# BME 3811 Check-in

Hi Y'all!

I am sending out this super short survey to get a better understanding of what resources you have access to so I can make decisions about how to set up class this term. I am not requiring that you purchase any new software or technology.

Please be patient as faculty structure our classes for hybrid and remote instruction. Remember that, first and foremost, I want to see you succeed and will work with you to make D-term as fun, educational, and low-stress as possible given our current circumstances.

Take care, stay calm, reach out to people you know and love, wear a mask, and wash your hands.

I will likely be using this combination of platforms for class: Slack, Zoom, Canvas, Google Docs, & YouTube. Do you foresee any issues with you being able to use these platforms?

Your answer

Whether by preference or by accessibility need which of the following would you like incorporated in our class work? Note: I don't give timed exams or quizzes \*if you have specific accommodations you need for class send me a message and we can chat about how to incorporate them

- Closed Captions (for YouTube videos - not just auto captions)
- Closed Captions (Live Zoom - note, this one is quite a bit more challenging)
- Flexible deadlines
- Knowing class questions/prompts before class (I will frequently ask students to write short blurbs or do small discussions in class. Some students find getting those prompts early less stressful)
- Asynchronous videos instead of live
- Live class instead of asynchronous
- Other:

Do you have any worries or fears related to this class? If so, please share so I can better understand how to help.
